WA finished 9th from nine teams.

Comment on standard of competition

The standard of competition was high. The Victorian (1) players were strong with a very evenly matched team and having brother and sister Boris and Louisa Ma, both BA Junior Development squad players. SA had an outstanding player in Leanne Choo who did not lose a match all week. The Tasmanian team was consistent and played off for the 3/4 position.

The WA players were competitive, with the boys, in particular, playing some high standard badminton. The girls, however, were unable to match it with, at times, much older opponents. In every team match WA won games and rubbers but were never able to win a match. In fact, WA was the only team to win two rubbers against the Victorians

The winning team was Victoria (1).

COMMENT:

It was a pleasure to be involved with this group of young players. From the moment of their selection to the final function they behaved well, always willing to assist, both on and off the court.

This was a mixed team with experienced and older players- and some inexperienced and younger players. They all played to their ability and some, in particular, Eddie Hung, played above expectations.
